

On Campus requirements for Covid-19

Students and All Visitors on Campus

Everyone entering the UHS campus must wear a mask at all times, inside and on the grounds. Students may remove their masks to eat while sitting in our lunch area while safely social distanced. We will also have a designated area for students who need a short break from mask wearing.

We will relax the outdoor mask requirement as soon as we safely can!

Staff

All staff must be vaccinated and wear masks everywhere on campus.

Cleaning and sanitizers

Hand Sanitizer will be available in all classrooms, hallways, the office and in outside spaces. We will encourage both hand sanitizing and hand washing frequently.

Staff will clean and sanitize all high touch surfaces before classes begin, at closing and throughout the day.
